Task Cards/Scoot Game

Thanks for purchasing this product!

This product contains 35 different cards, which can be used as a way to review concepts in a fun, interactive way. Question formats include several types such as "Draw...", True/False, Multiple Choice, Fill-In-The-Blank, Short-Answer, and "Find a Partner and Perform a Task." Not all questions types are available for each task card subject. Check out my other decks as well! A few example games to play include:

- Playing in teams and awarding points for right answers
- Scoot (directions below)
- Moving along a game board, such as Candyland, while answering questions

Cards are presented in PDF format and are completely editable in Adobe Reader, so the wording and questions can be adjust to your student's needs and ability levels!

Scoot recording sheets are provided for several different class sizes (8, 12, 20, 30, and 35), so it can be played in a small group or full class!

Directions for Scoot: Place one task card on each student desk or around the room in numerical order. It makes it easier for students is cards are put in order. Then, give each student a recording sheet and a pencil.

Next, each student completes the card on their desk and writes their answer in the number on their recording sheet that corresponds to the number on the task card.

After about a minute, the teacher says "Scoot" (or uses another signal) and the students quickly stand up, leave the card at their desk, take their recording sheet with them, and scoot over to the next seat with the next number and get started on the question right away.
