

The image features a central graphic consisting of a large, light-colored circle with a thick border. This border is composed of several segments in various colors: orange, light green, light blue, light purple, and light yellow. The text 'social skills and' is written across the center of the circle in a bold, rounded, sans-serif font. Each letter is a different color and has a thick black outline. The word 'social' is in orange, 'skills' is in purple, and 'and' is in blue. The background of the circle is white.

Social Skills Land - Original Pack

Thanks for purchasing this product!

Sometimes we have to disguise learning into games! Students love games but don't always like talking about bullying, anger control, or problem-solving. Luckily, they can do both with Social Skills Land! This contains 216 EDITABLE cards of the following types to increase social and problem-solving skills in kids ages 5-13:

- Anger Control
- Positive Thinking
- Debugging (Ignore, Walk Away, Speak Friendly, Speak Firmly, Get an Adult)
- Bullying
- Feelings
- Friendship

Students love being able to move their piece along the same Candyland board they've come to know and love, and hardly even realize they're learning at the same time! A great game for those, "Oh shoot, what am I going to do with THAT group today?"

Example Questions:

- 1) Talk about a time when you saw someone else being a good friend.
- 2) MAKE IT POSITIVE! I'll probably fail this test just like the other ones.
- 3) Draw a scared person.
- 4) TRUE or FALSE? Teachers don't want to hear about problems at home.
- 5) Sasha said that only popular girls can play with the jump ropes at recess. What should you do or say?
- 6) Act out what an angry person would look like.

Instructions

Thanks for purchasing this product!

Time Required: 20-30 minutes

Players: 2-4 ages 5-10

Materials: Candyland board, space markers, 2 dice, prize money/beads/counters

Directions: Print question cards onto colored paper or cardstock. Laminate for improved durability!

Red = anger control cards

Orange = positive thinking cards

Yellow = debugging cards (answers include ignore, move away, tell an adult, use a firm voice, etc.)

Green = bullying cards

Blue = feelings cards

Purple = friendship cards

Each player selects a space marker. The youngest player goes first and rolls the dice, moving their piece the selected number of spaces. They then answer the corresponding question for that color. If they give a good answer or attempt, they earn a prize dollar, bead, or counter.

BONUS cards: If a player chooses a card and it says "BONUS! Move ahead 2 spaces," they move their counter and earn a free reward dollar/bead/counter.

Prize dollars, beads, or counters can be awarded for above-and-beyond answers, good sportsmanship, etc.

Licorice Spaces: If a player lands on the licorice spaces, they roll again and move ahead the selected number of spaces. The player with the most dollars/beads/counters at the end is the winner!

Thanks to Free Digital Photos for the images!
